

IN THE SPECIFICATION:

Submitted with the application is a translation of the original application and the Amended Sheets corresponding to the amendments previously made to the international application. Attached to this Preliminary Amendment is a Marked-Up Specification Showing Amendments, which shows the amendments presented in the international application together with further amendments to put the application in condition for U.S. prosecution. Applicant requests entry of these amendments prior to examination, and for the convenience of the Examiner, provides a Clean Version Of The Amended Specification for examination purposes.
